1. MESSAGE FROM TRAINING & PLACEMENT HEAD

At Maurya Technical Private Limited, our Training & Placement Cell bridges the gap between academic theory and real enterprise standards. Through rigorous hands-on curriculum, agile project management simulations, daily coding sprints, and personality enhancement sessions, our trainees graduate equipped with the technical depth and professional acumen that leading tech recruiters actively seek. We host on-campus job fairs, corporate pool drives, and bilateral hiring partnerships with established MNCs and high-growth technology startups.
